

NEXT GENERATION SEQUENCING BIOINFORMATICS

WELLCOME
GENOME
CAMPUS

ADVANCED
COURSES AND
SCIENTIFIC
CONFERENCES

20 - 25 January, 2019
Santiago, Chile

Application and bursary
deadline
18 October 2018

In collaboration with the **Facultad de Ciencias Biológicas** of **Pontificia Universidad Católica de Chile** in Santiago, Chile, we are pleased to announce our latest Overseas Course in [*Next Generation Sequencing Bioinformatics*](#).

The hands-on programme will cover several aspects of next generation sequencing data analysis, including lectures, discussions and practical computational sessions

The course is free to attend and open to applicants from institutes based in **Latin America and the Caribbean**. Limited bursaries for travel and accommodation costs are also available. Applications and bursary requests must be received by 18 October 2018. Apply now <https://bit.ly/2xA1h7R>
